OWSLEY COUNTY NEWS (Booneville Courier)

Messrs Clyde Moyers and O. J. Judd, formerly of this place, but now of Asheville, N. C., are visiting here this week.

Mr. and Mrs. Jim Harvey are proud parents of a fine baby boy. Tom Moore fell off a pair of stilts Tuesday morning and broke his right arm.

Clark Eversole, of Jackson county, was here last week on business.

Capt. Charles H. Seale and Private Ballard Isaacs of Co. H 149th Infantry, were ordered to Newport this week to appear before the federal grand jury.

A sneak thief slipped into Bay Shepherd's home Saturday night and stole a can of lard.

An oil rig is being moved to D. G. Brandenburg's farm on Fish Creek and drilling is to begin soon. This is said to be one of the finest prospects for oil in this county.

Booneville high school baseball team defeated St. Helens high school at St. Helens Thursday afternoon, 6-4.

Band Boys Give Nice Concert

Only a small crowd heard the concert given by the American Legion band last Thursday evening at the opera house. However, a small but much appreciated sum of money was raised which will be used in purchasing uniforms. The band was composed of sixteen members and was under the direction of "Jimmy" Leeds. Richmond is fortunate in having this splendid organization of musicians and they should receive encouragement of the citizens. It is the plan of the boys to give an open air concert in the near future, and another effort made to secure enough money to buy uniforms.

Monte Carlo and other resorts in southern France report a slump in business and no dividends may be declared.

"Globe Fertilizers"

Using Globe Fertilizers indicates good judgment for better crops and building of the soil, guaranteed to be "All Plant Food" all the way through. Kept always in stock and sold at lowest prices by—

R. K. MOBERLY

Moberly, Ky.

"If better Fertilizers are made than the Globe Brands, the Globe Fertilizer Company is going to make it."

—THE BEST IN TOWN—

MANY MORE GROWERS SIGNING CONTRACTS

Lexington, Ky., Apr. 10—Within the past month 842 new contracts, representing 1,804 acres or about 2,000,000 pounds of tobacco, have been received at the offices of the Burley Cooperative Association.

These contracts came from practically every county in the burley district in Kentucky and from counties in Ohio and West Virginia and Indiana, as well.

Director of Warehouses Ralph M. Barker announced Friday the taking over of the three warehouses of the Kirkpatrick interests at Huntington, West Virginia, thus providing delivery plants for those West Virginia growers who have signed the Association contract. The other nine houses controlled by M. L. Kirkpatrick, of Cincinnati, already have been transferred to the Association.

Secretary H. L. Earley and his office staff are at work on the second distribution of funds to the growers, but because of the volume of bookkeeping involved in the distribution, Secretary Earley said he could not definitely fix the time of the distribution. He said growers could depend on it that the second distribution would be made at the earliest possible moment.

HOME CONVENIENCES MANY AND VARIED

(By Associated Press)

Chicago, April 8—The hidden trap-doors, secret chambers and underground passages of the old romances are rivalled by ingenious novelties in home furnishings which are being produced this year. A house fitted thru-out with the new devices would have all the mystery and surprise of a fictitious Gothic castle, but with modernness and domesticity as the keynote. This new romanticism in dwelling house equipment was evidenced at the annual Own Your Own Home Exposition in the Coliseum here.

For in these days twin beds swing into the clothes closet; an ironing board unfolds at the pressure of a button; a seat emerges from a panel secreted in the wall of the kitchen and the rear door may be equipped with cabinets in the lower panel for the delivery of groceries, with a set of trick locks to prevent the reopening of the door, and with automatic signs to indicate when the cabinets are full.

An electric, double-spindled sewing machine masquerades as an assembly of card tables or bookcases. A substitute for swinging doors has been devised which slides gently from view, apparently into nowhere.

Bathroom devices include a half-length tub arranged to enable one to bathe in a sitting posture. A ledge in front extends a foot deeper than the rest of the tub, forming a foot-bath. There are shower attachments.

Inventions intended to simplify kitchen work include a detachable spout for the faucet, which may be used in spraying lettuce or rinsing dishes.

To meet vacation demands there is a summer home in the form of a tent house which can be put upon a permanent foundation it is represented, in a few hours. It is said to be popular in the East.

In the new devices cultural and esthetic cravings as well as utilitarian needs are remembered. In one, music for a talking machine is synchronized with that from an automatically set and electrically operated player piano.

Among numerous novelties in heating is a hot water heating system with a furnace and tank smaller than an ordinary stove and adapted or a place in the kitchen of a four-room house. Another heating device is a fan intended to push the air from hot air plants into the rooms before heating radiator flanges, and which is claimed to reduce the time required to heat a house by 20 minutes. An automatic heat regulator is designed to cut off the draft when the temperature of a room reaches 70 degrees and to start it when the temperature falls.

Hay Sale in Boyle

In Boyle county John Weisiger is delivering two carloads of timothy hay to Hudson and Davis. It is the finest lot of hay that has been seen in that section in a long time, and the price was \$16 per ton.

Lamb Docking Demonstration

(By Associated Press)

Lagrange, Ky., April 8—In order to show farmers in this section of the state the value of docking lambs before they are sent to the market, the Belknap farms are co-operating with County Agent Gordon B. Nance, in conducting a demonstration that is expected to produce some striking results, according to Mr. Nance. The demonstration will involve two lots of 40 lambs each, the animals in one lot having been altered and those in the other left unchanged. Records will be kept on the gains they make in weight and the profits that they produce, it was added.

Tom Hargis Pardoned

Tom Hargis, brakeman on the Southern Railway, who was sentenced last February to serve six months in jail on a charge of shooting and wounding U. S. Marshal J. A. Bash, who was attempting to arrest him last fall at Danville, was pardoned by Gov. Morrow and released from jail. Mr. Hargis has a wife and four children living in Danville.

Horse and Mule Sales

In Shelby county the News says that Luke B. Hansborough sold to R. C. Tway, of Louisville, a nice five-year-old saddle mare for \$400. This mare was raised by W. S. Gibbs, of Shelby county, and was by Rexall Prince. He also sold Mr. Tway seven high grade mules for an average of \$245 per head. Mr. Hansborough sold a pair of 4-year-old mules weighing 3,050 pounds, which were shown last year by Gentry and Thompson, to P. B. Weissinger for \$600 and a pair of 3-year-old mules to John A. Lee for \$500.

Speed Records Broken To Get To Burning House

All speed records in Mercer county were broken Friday last when James Green of the Green & Stophar Taxi Company, made a race of 15 miles in 18 minutes to get Mrs. Mary Edwards to her burning house at Dugansville, Mercer county. Mrs. Edwards was in Harrodsburg when a message informed her that her house was on fire. She called a taxi into service and succeeded in reaching the scene before the building was half consumed. Neighbors had broken into the house and saved part of the furniture, but it was impossible to save the dwelling. It is thought the fire originated from the kitchen range or the flue. The house had been built only about two years. The road to Dugansville is filled with curves and hills.

"And There Wasn't the Slightest Smell From Dad Rats"

Writes John Simpkins, farmer of Annandale, N. J.: "Rats were costing me hundreds yearly; tried dogs, ferrets, poison, could not get rid of them. Bought \$1.25 pkg. of RAT-SNAP (5 cakes.) Used half, not a live rat since. Dead ones a plenty. I like RAT-SNAP because after killing rats it dries them up—leaves no smell." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Douglas & Simmons and Stockton and Son.

A. A. Cross, editor of the Tribune-Democrat, at Benton, is dead.

(By Geo. Bingham)

The prisoners in the Tickville jail broke out night before last and are still at large. They had been acting dissatisfied for several days.

Tobe Moseley says the Excelsior Fiddling Band's fame can never become very lasting or widespread as the music evaporates as soon as they make it.

The Deputy Constable left this morning in heavy disguise for parts unknown on a secret mission. It is believed he is preparing a raid on a moonshine still as he took an empty jug along with him.

The financial strain of the community was somewhat relieved Saturday night when Cricket Hicks got paid off, as he owed nearly everybody.

Madam Rumor has it that Dock Hocks is engaged to one of the Henstep girls of the Calf Ribs neighborhood. When seen at the blacksmith shop today on the subject he said he didn't know exactly yet.

The Deputy Constable has improved his general appearance very much with a new pair of pants, which he seized from a suspicious looking stranger who passed through here day before yesterday.

The Democratic State Committee has been invited to the Wilson dinner at the Pendermis Club, on the 12th, when James M. Cox,

former democratic candidate for President, will speak.
